Education

BINUS University

Bandung, Indonesia

Bachelor of Computer Science (Undergraduate)

Sep. 2024 – Present

- **Relevant Coursework:** Data Structures & Algorithms, Object-Oriented Programming, Database Technology, Web Based Programming, Mobile Programming, Cloud Services & Computing, Artificial Intelligence.

Technical Skills

Languages: JavaScript, PHP, Python, C, C++, HTML/CSS, SQL

Frameworks & Libraries: Node.js, Discord.js, Nuxt.js, Vue.js, Laravel, Tailwind CSS

Developer Tools & Platforms: Git, GitHub, VS Code, Vercel, MySQL

Featured Projects

Dragon Nest Raid Salary Bot | *Node.js, Discord.js, JavaScript, Automation*

- Engineered an automated Discord bot using Node.js and Discord.js to calculate, audit, and distribute raid team loot splits.
- Implemented dynamic calculation logic to handle percentage cuts and deductions, eliminating manual accounting errors.
- Utilized rich Discord embeds for real-time, transparent ledger reporting across server members.

Discord Reminder Bot | *Node.js, Discord.js, JavaScript, Task Scheduler*

- Developed an asynchronous task scheduling bot in Node.js to manage and trigger scheduled notifications.
- Implemented persistent timing mechanisms supporting direct message (DM) alerts and multi-channel server broadcasts.
- Built command handling for custom recurring reminders, deadline tracking, and task management.

E-Archive Management System | *Fullstack Web, PHP, Laravel, MySQL, Bootstrap*

- Designed and implemented a centralized web-based digital archiving platform to manage physical institutional records.
- Built structured CRUD workflows and indexed database queries in MySQL for efficient document retrieval.
- Implemented role-based document access controls to restrict sensitive archives according to authorization levels.

Organizational Experience

Bina Nusantara Computer Club (BNCC)

Bandung, Indonesia

Manager of External Event Organizer

Oct. 2025 – Present

- Spearheaded event division operations and technical logistics for **BNCC TechDive 2025: Cloud-Powered Transformation**.
- Led committee coordination across rundown management, vendor procurement, and live operational execution.
- Supervised divisional workflows to ensure clear timelines, cross-team communication, and high attendee engagement.

Bina Nusantara Computer Club (BNCC)

Bandung, Indonesia

Activist of External Event Organizer

Jan. 2025 – Sep. 2025

- Served as event committee member responsible for conceptualizing event design, drafting detailed rundowns, and listing potential guest speakers for **Smart Learning Based on AI: Roadmap to Tomorrow**.
- Operated broadcasting tools and technical presentation infrastructure, ensuring zero latency and smooth execution during sessions.
